

IMPORTANT NOTICE

Dear Dock Owners,

The Department of Environmental Protection (DEP) has conducted an inspection of our Dock Facility. They now require a copy of all Boat Registrations be on file with them. Please send me a copy of your boat registration. If you rent or allow someone other than yourself to use your slip, I will need a copy of that registration as well. This must be done to be in compliance with the current Submerged Land Lease.

Please send the registrations to tgvpminc@gmail.com

Thanks Therese
